Dear FISAIC family,

With great distress and sadness we received this weekend the news that our Danish colleague and friend for many years Rolf Petersen has passed away during the week.

We will remember Rolf forever as a tireless and active part of our big FIASIC-family, especially in the categories Bridge and Folklore, and we will commemorate him and his work together at the General Assembly in Athens.

Our deepest sympathy and our thoughts to family, relatives and close friends in these difficult days.

RIP dear Rolf

In the name of the FISAIC Büro

With sad regards

Kurt Neuwirth  
Deputy General President
